Rating: NNNNN

A BOY BAND IS FORMED, ROCKETS TO the heights and then dissolves in this splendidly entertaining, high-energy production about the moves in the rock world both onstage and behind the scenes. It's propelled •equally by Chris Craddock's script, Aaron Macri's jumping tunes, Ken Brown's fluid direction and a first-rate ensemble: Andrew Bursey, Jon Paterson, Scott Walters and Matt Alden. A bull's-eye Fringe show. **JK**
